# The many benefits of DOM ENiQ®

EDUCATION

## A security system that does it all, now and tomorrow

A world of possibilities.

The ENiQ Security Ecosystem offers unrivalled flexibility, freedom and control to allow you to create a tailor-made security setup for your

situation, no matter how specific. Even though every ENiQ configuration can be unique, the overall benefits are always the same.

### Benefits

**1. DO EVERYTHING  
WITH ONE SYSTEM**

The comprehensive library of options and solutions of ENiQ gives you everything you need within one seamless system. No need to look for external options, it's all here! Just plug and play.

**2. A ONCE-OFF INVESTMENT,  
READY FOR THE FUTURE**

We are constantly evolving our

ENiQ ecosystem with our innovative thinking, so that no matter what you might need tomorrow, rest assured your system is ready to adapt and grow with you.

**3. FULL CONTROL, DOWN TO  
EVERY SPECIFIC USER**

The different control options provided by ENiQ make it just as easy to organise your security for every single user, as it is for the

system as a whole. Gain full control over everything!

**4. ASSURANCE OF HIGH SECURITY  
AND SAFETY**

ENiQ combines DOM's capabilities to create the highest level of physical protection with the very best in digital cryptology methods, assuring you of a high level of security in every possible respect.

---

# It all starts with you

But we're in this together.

---

The DOM ENIQ system will adapt to you instead of the other way around. Never wonder what the system can do, but simply ask yourself what you want it to do! Of course, translating your

requirements into an unbeatable security system is not something you do every day. Our security experts know all the ins and outs and will gladly help you find the perfect

solution for your situation. We will always be at your side; before, during and long after the installation of your digital security ecosystem.

Everything of value deserves to be kept secure, without compromise.

---

# A seamless ecosystem of solutions

Create tailor fit security for your situation.

---

DOM ENiQ offers different ways of managing your security system, which gives you the freedom to create

a security experience that fits best for your organisation. Whatever way you choose to manage and organise your

system, it will always work seamlessly with your entire ENiQ ecosystem.

## Programming Methods

---

- **ONLINE**

Programme all your door devices in real-time, through Ethernet.

- **DATA ON CARD**

Programme all authorisations directly on the transponders, instead of in the locking solutions.

- **ENIQ APP**

Use your smartphone to manage your devices and transponders

- **OFFLINE**

Directly programme the digital locking solutions with a laptop or tablet PC with a USB device.

- **EASYFLEX / TRANSPONDER**

Manage and organise your system without any software, using a master card and programming cards.

## A SECURITY PARTNERSHIP TO RELY ON

At DOM we say: 'We do more for security', and those are more than just words! We truly believe that everything of value deserves to be kept secure, without compromise.

You can rely on us to help you create the best possible security and maintain it, no matter what happens. You can see us as your personal security partner that assists you wherever and however we can. Our solutions, products and services truly do more.
